

SUPERHERO DRESS CODE POLICY

1. PURPOSE

In order to maintain a functional, comfortable, professional environment and lasting impression, all superheroes must wear appropriate costuming for their position.

2. SCOPE

This policy applies to all superheroes who have been approved by the WSA (World Superhero Association) and have a costuming contract with one of our partner vendors. The guidelines listed in this document must be followed when on assigned missions, publicity events, awards shows, or any other professional activities.

3. POLICY

A superhero's unique power and charisma must be captured in their appearance, for their presence in itself represents the essence of heroism.

The specifics of this policy are separated into men and women; the gender appearance one identifies with must be approved by the WSA and is also listed on each superhero's identification card. For those who identify as neither man nor woman must consult with the WSA and align themselves with the one of the listed guidelines in order to maintain consistency among all superheroes.

- **3.1. Both**
 - Tight, form-fitting suit that covers at least one or more major sections (legs, arms, torso, etc.) of the body.
 - Head/face accessory that differentiates from non-superhero appearance.
 - Symbol or [colored] pattern on front of body for easier recognition.
 - Utility belt that comfortably holds all equipment or personal items necessary.
 - Footwear that adequately provides for highest-performing physical exertion, preferably knee-high boots due to its known stability.
- **3.2. Men**
 - Muscle padding in chest, abdominals, biceps, triceps, shoulders, upper back, quadriceps, and calves.
 - Padding/protection in the crotch area is highly recommended but not required.
- **3.3. Women**
 - Depending on bust design:
 - If showing cleavage, the costume must be a "push-up" type.
 - If not, the costume must have padding for a fuller look.
 - Bodysuit that shows legs with/without a skirt OR full body combat suit that accentuates bust/derriere.
 - If other design ideas, contact the WSA costuming department directly.
